Contents

Section 1: Demographics

CHAPTER 1 Demographics of the End-Stage Renal Disease Patient

Section 2: Vascular Access for Hemodialysis

CHAPTER 2 Vascular Access for Hemodialysis in Adults
CHAPTER 3 Central Venous Access for Hemodialysis
CHAPTER 4 Noninfectious Complications from Vascular Access
CHAPTER 5 Infectious Complications from Vascular Access
CHAPTER 6 Surveillance for Arteriovenous Access
CHAPTER 7 Interventional Nephrology
CHAPTER 8 Cannulation of Hemodialysis Vascular Access: Science and Art

Section 3: Peritoneal Access Devices

CHAPTER 9 Peritoneal Access Devices, Placement Techniques, and Maintenance

Section 4: Mechanical Aspects of Dialysis

CHAPTER 10 Water Treatment Equipment for In-Center Hemodialysis
CHAPTER 11 Methods and Complication of Dialyzer Reuse
CHAPTER 12 Dialysate Composition
CHAPTER 13 Safety Monitors in Hemodialysis
CHAPTER 14 Methods of Hemodialysis Anticoagulation

Section 5: Home Dialysis

CHAPTER 15 Home Preparation and Installation for Home Hemodialysis
Chapter 16: Peritoneal Dialysis Cyclers and Other Mechanical Devices

Section 6: Dialyzers

Chapter 17: Selecting a Dialyzer: Technical and Clinical Considerations

Section 7: Adequacy of Dialysis

Chapter 18: Uremic Toxicity
Chapter 19: Urea Kinetic Modeling for Guiding Hemodialysis Therapy in Adults

Chapter 20: The Dialysis Prescription

Section 8: Improving Outcomes in Dialysis Patients

Chapter 21: Improving Outcomes for End-Stage Renal Disease Patients: Shifting the Quality Paradigm
Chapter 22: Quality, Safety, Accountability, and Medical Director Responsibilities
Chapter 23: Initiation of Dialysis Therapy

Section 9: Complications During Hemodialysis

Chapter 24: Common Clinical Problems During Hemodialysis
Chapter 25: Arrhythmias in Hemodialysis Patients
Chapter 26: Prevention and Therapeutic Management of Bleeding in Dialysis Patients

Section 10: Alternative Hemodialytic Techniques

Chapter 27: Hemofiltration/Hemodiafiltration
Chapter 28: Convective Renal Replacement Therapies for Acute Kidney Injury
Chapter 29: Anticoagulation for Continuous Renal Replacement Therapy (CRRT)
Chapter 30: Wearable Artificial Kidney
Section 11: Peritoneal Dialysis: Clinical Practice

CHAPTER 31 Determination of Continuous Ambulatory Peritoneal Dialysis and Automated Peritoneal Dialysis Prescriptions

CHAPTER 32 Peritoneal Dialysis Solutions

CHAPTER 33 Lymphatics, Peritoneal Fluid Losses, and Peritoneal Dialysis

Section 12: Peritoneal Dialysis: Infectious Complications

CHAPTER 34 Abnormalities of Host Defense Mechanisms During Peritoneal Dialysis

CHAPTER 35 Peritoneal Catheter Exit-Site and Tunnel Infections

CHAPTER 36 Peritonitis in Peritoneal Dialysis

Section 13: Peritoneal Dialysis: Noninfectious Complications

CHAPTER 37 Peritoneal Membrane Dysfunction: Inadequate Solute Removal, Ultrafiltration Failure and Encapsulating Peritoneal Sclerosis

CHAPTER 38 Abdominal Catastrophes, Peritoneal Eosinophilia, and Other Unusual Events in Peritoneal Dialysis

CHAPTER 39 Metabolic Complications of Peritoneal Dialysis

CHAPTER 40 Abdominal Hernias in Continuous Ambulatory Peritoneal Dialysis

CHAPTER 41 Dialysate Leaks

CHAPTER 42 Hydrothorax and Peritoneal Dialysis

Section 15: Acid-Base Homeostasis

CHAPTER 43 Acid-Base Homeostasis in Dialysis

Section 16: Nutritional Management of Dialysis Patients

CHAPTER 44 Nutritional Management of Hemodialysis Patients

CHAPTER 45 Intradialytic Parenteral Nutrition and Intraperitoneal Nutrition
CHAPTER 77 Anticoagulation in Children Undergoing Hemodialysis
CHAPTER 78 Peritoneal Catheter Placement in Children
CHAPTER 79 Prescribing Peritoneal Dialysis in Children
CHAPTER 80 Nutritional Management of Children Undergoing Peritoneal Dialysis
CHAPTER 81 Infant and Neonatal Peritoneal Dialysis
CHAPTER 82 Dialysis in Inborn Errors of Metabolism
CHAPTER 83 Neurocognitive Development in Children Undergoing Dialysis
CHAPTER 84 Growth in Children with End-Stage Renal Disease
CHAPTER 85 Adequacy of Peritoneal Dialysis/Assessing Peritoneal Function in Pediatric Patients
CHAPTER 86 Continuous Renal Replacement Therapy in Pediatric Patients
CHAPTER 87 Prevention and Treatment of Bone Disease in Pediatric Dialysis Patients
CHAPTER 88 Management of Anemia in Children Undergoing Dialysis
CHAPTER 89 Assessing Quality of Life in Pediatric Patients Undergoing Dialysis
CHAPTER 90 Immunization in Children Undergoing Dialysis
CHAPTER 91 Prevention and Treatment of Cardiovascular Complications in Children Undergoing Dialysis
CHAPTER 92 Surgery in Children with End-Stage Renal Disease
CHAPTER 93 Infectious Complications in Children Undergoing Dialysis
CHAPTER 94 Adherence and Transition in the Pediatric Dialysis Patient

Section 28: The Pregnant Patient
CHAPTER 95 Pregnancy in Dialysis Patients

Section 29: Miscellaneous Areas of Clinical Importance
CHAPTER 96 Treatment of Poisoning with Extracorporeal Methods
CHAPTER 97 Preventative Care in End-Stage Renal Disease
CHAPTER 9 Application of Telemedicine to Patients With End-Stage Renal Disease
